Good morning,

I write this with a bit of sadness . It has been a privilege to have served on the board of Jupiter Lakes Villas since I became an owner.

Many projects completed and many more to come.
But for now I thin it is time for me to step down and
Resign my position as President of the Board.

We switched to Real-Time for our property mangers

And am very great full for the opportunity to have worked with them. Knowing you will be in good hands moving forward.

Sincerely
Barbara Vela
